Green & Stable - Bringing Sustainability and Environmental Action Together for a Better Future

Project Number: 2020-1-BG01-KA204-079048

The BALANCE project aims to develop and provide **SMEs decision-makers with an innovative program**, based on ECVET, that will help them transform into **greener operations** while improving their **financial literacy** and enhancing their **environmental awareness**.

The BALANCE team has been working hard since November 2020 when the project first began. As we are approaching the end of the project soon the majority of the project outputs and activities have been completed successfully and are available the website.

WHAT WE HAVE COMPLETED TO FAR

AVAILABLE SOON:

BALANCE E-LEARNING PLATFORM

The BALANCE e-learning platform will be available in the upcoming months. The platform will be used primarily by SMEs' decision makers, SMEs, and business consultants. It will include the training program developed as part of IO2 in a more interactive and engaging way with activities and quizzes. The platform will run in any desktop computer or tablet, while it will also be linked to a dedicated mobile application in order for the users to have easy and fast access anytime from anywhere.
