

BALANCE
green and stable

Green & Stable - Bringing Sustainability and Environmental Action Together for a Better Future

Project Number: 2020-1-BG01-KA204-079048

The BALANCE project aims to develop and provide **SMEs decision-makers with an innovative program**, based on ECVET, that will help them transform into **greener operations** while improving their **financial literacy** and enhancing their **environmental awareness**.

COMPLETED

IO1- Report:

- Green Policies and Financial Sustainability - The Report (EN)
- Green Practices in partner countries

IO2- Training program:

- National Reports on SMEs Needs
- Synthesis Report
- Training Curriculum
- Training Materials

IO3 - E-Learning Platform:

- Interactive presentations
- Textbook
- Practices
- Calculators

The BALANCE team has been working hard since November 2020 when the project first began. As we are approaching the end of the project soon the majority of the project outputs and activities have been completed successfully and are available the website.

THE PLATFORM

e-learning.balanceproject.eu

Our E-learning platform is ready to be used!

The platform is designed to be used by all SME decision-makers (such as owners, managers, team leads and etc) and consultants (business, development, growth, and others), so they can explore the exciting world of green transformation! The topics are divided into six modules per target group. Each module contains an interactive presentation, a video, and a textbook. As well in the platform can be found green practices from the partnering countries and carbon calculators.

The platform is available in the following languages: English, Bulgarian, Spanish and Greek.
